

"Thank you for the Thinking Frame linked to Discovery Dog. I can now take our Science further without dropping our favourite dog."

Nadia Loiziodes – Red Barn Primary

"Well done! Enlightening and enjoyable. Crammed full of information and I look forward to implementing the new ideas and strategies."

Steve Moore
Park View Junior

"Thank you - You are very brave to share your ideas and much appreciated. I'm feeling inspired to act when I get back to school."

Ronnie Green Silchester Primary

"I'm leaving feeling inspired and informed, with ideas on how to take things forward, rather than frustrated by where things are."

Cheryl Parish
Hallerworth Primary

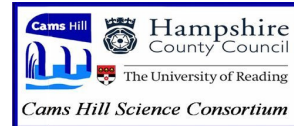

"A genuine benefit for my own teaching and I can now pass on these great ideas to my school. Very clear presentations with worthwhile information – THANK YOU!"

Lee Lampard – Hatterworth Primary

"All the presentations were great! In particular I believe that the Thinking Frames tool will help to develop Science literacy in our school and the Topic Overviews will help staff to become more creative while focussing upon the key concepts."

An inspiring day and I hope we can introduce the ideas at our school."

Ian Hickman – Foundry Lane Primary

Some of the feedback from our last Primary Dissemination Conference

29 June 2009

"Sue Carter was fantastic, she made it all seem reachable and manageable in class. The CD will be such a valuable tool. Fantastic workshop leaders, it's so refreshing to get honest ideas and feedback – what works and what doesn't."

Larah Gilmour – Pinewood Infant School
