Gifted and talented

Please show your senior management / head teacher / G&T co-ordinator the information we gave you this morning. Please try and have one yr 5 or 6 class measured by Feb half term.

5 hour offer survey.

Please read the survey and email me with any alterations / additions you think will be needed for it to be carried out in your school. It may be worth asking your head if there is anything other information they would like collected whilst carrying out this survey (must be PE related).
