New Timetable launched

St Vincent College is proud to launch our new timetable from September 2018.

This timetable has been designed to maximise your learning and is based upon research* that has proven that if students are allowed to start learning later in the morning, they'll be

- more focused during the day
- more alert and ready to learn
- and less likely to be late to (or absent from) College.

Examples of our new 10.00 am start timetables are below:
