

	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12	Week 13	Week 14	Week 15	Week 16
Autumn	Applications of number							Testing	Half Term	Applications of number		Algebraic thinking			Testing	
		Types of number and order of operations		Place value and ordering integers and decimals		Solving problems with addition & subtraction				Solving problems with multiplication & division		Understand & Use Algebraic Notation		Equality, Equivalence & Brackets		
Spring	Proportion	Application of number	Fractional thinking		Reasoning with data	Testing	Half Term	Algebraic thinking		Geometry			Testing			
	FDP equivalence	Fractions & percentages of amounts	Addition, subtraction, multiplication and division of fractions		Averages			Equations		Construction & measuring	Developing geometric reasoning					
Summer	Proportional Reasoning		Geometry		Algebraic Thinking	Half Term	Geometry	Testing	Representations		Data		Geometry			
	Ratio & scale		Vectors & Translation	Enlargement & Similarity	Sequences		Line Symmetry & Reflection		Representing Data		Probability & Sets		Rotation
